

**Morgan County Farmers Market Association**  
**2023 Market Rules and Regulations**

## **1. PURPOSE**

The primary purpose of the Morgan County Farmers Market Association (MCFMA) is to provide an attractive venue for consumers to purchase locally grown, fresh produce from local growers and producers. Along with this purpose, we have the following goals: to support and develop local farmers and growers, to enrich and educate the community by promoting a healthy lifestyle, and to provide a community activity that fosters social gathering and interaction within the municipal areas of Morgan County.

Unless specifically accepted by the Morgan County Farmers Market Association's Executive Board, "locally-grown" is defined as having been started from seed or immature plant or created from plant or animal materials grown within the State of Indiana. Furthermore, a "local producer" is defined as a legal Indiana resident within a 75-mile radius of Centerton, Indiana.

## **2. MARKET LOCATIONS AND DATES**

Morgan County Farmers Markets operate at three distinct locations throughout each year and are as follows:

### **SUMMER MARKET:**

Mooresville Friends Church  
50 N Monroe St., Mooresville  
Every Tuesday, May 2 – 26 September  
3:00 PM – 6:00 PM

The Main Connection Lawn  
460 S Main St., Martinsville  
Every Saturday, May 6 – 30 September  
9:00 AM – 1:00 PM

**FALL MARKET: TBD**

**HOLIDAY MARKET: TBD**

### 3. MARKET MANAGEMENT

Market management will be implemented by members of MCFMA Board of Directors or their assignee to provide market oversight. The Manager will have authority over the operation of the market including vendor qualification, policies compliance and space assignment. All vendors must check in with the Manager prior to setting up, including signing in with all required information and paying the appropriate space fee.

The Board may resolve any disputes and consider appeals based on the decisions of the Manager. Volunteers may be called upon to help with various tasks at the market, including providing information or collecting survey information at the market information booth space, help with setting up and tearing down at the market, and other miscellaneous tasks. Volunteers may not enforce policies at the market.

### 4. MARKET BOOTH SPACE, FEES AND TIMES FOR SET UP AND TEAR DOWN

An Association membership fee of \$20.00 per year is required of all vendors in addition to booth fees. Membership is open to any person or organization supporting or encouraging the ideals and purpose of the Association. Booth rental for the 2023 Season will be as follows:

#### **May - December**

- A. \$15 Pay-by-Day Fee per market per booth space. Pay only for the days you set up a booth at the market. A good option for those who plan to participate in fewer than 8 markets during the season
- B. \$130 Full Season Fee. This season fee provides access to all Mooresville and Martinsville markets. You may set up at as many or as few markets as you like, but it is recommended to pay this fee only if you plan to participate in 9 or more markets. You may choose to pay this fee in installments (5), but the full \$130 must be paid in full no later than Saturday, June 3, 2023. Otherwise, the Daily Booth fee will apply.

At the Martinsville location, vendors must check in **no earlier** than 8:00 a.m. to sign in, pay any fees, to display season passes, and to be assigned a space and/or spaces. At the Mooresville location, vendors must check in **no earlier** than 2:00 p.m. for the same items.

Checks must be made out to the Morgan County Farmers Market Association (MCFMA). If a check is returned for insufficient funds, an NSF Fee shall be assessed for \$25.00. A new check or cash is to be provided within one month of being notified by the Manager to cover the returned check, plus the NSF fee.

Three NSF events will be grounds for expulsion from the market.

## 5. GROWERS / PRODUCERS VENDORS PERMITTED WARES

Vendors must have grown their produce and/or created and/or produced all other items that are offered for sale.

Value added items such as jams, jellies, dried fruits and vegetables, frozen meat, frozen fish, and dairy products are allowed if at least 50% of the raw ingredients that are available within the state of Indiana. Foods (with the exception of meats, including beef, pork, fish, and poultry) must be prepared by the vendor in a manner consistent with standards set forth by Indiana IC 16-42-5.3 and have labeling that gives the name of the product, the location of preparation (including contact information of the producer), the contents, the overall weight, and the price.

The vendor must provide a copy of all licenses and permits as well as a list of ingredients for value added foods to the Manager to verify that the above guidelines are met, or they must provide a letter from the Morgan County Health Department stating permissibility of the item for retail sale.

**Vendors must display documentation for all permits and licenses at their space in a manner that is clearly visible to the public.**

Baked goods and soaps are permissible to sell. Value-added foods that are prepared at the market (for example, cooked meat, popcorn made on site, etc.) will be allowed in 2023 to a limited number of applicants and display the required permit(s). Please check with the Manager to find out more information.

***The sale of any non-vendor produced items are prohibited. Items of any sort that are deemed by the manager to be of poor taste or quality will not be allowed.***

## 6. ARTISAN / CRAFTER VENDORS PERMITTED WARES

To support local artisans and craftsmen and to provide more interest in our market, the Board permits the sale of personally handmade locally produced artwork / craft. Examples of possible crafts are jewelry, wreaths, floral displays, woven items, handcrafted textiles and carved wooden products.

To qualify, a majority of the tools and equipment used by the crafter must require skills, personal handling and crafter guidance. Work should be made by hand and show imagination, skill and the mark of individuality.

To assure quality art/crafts at the market all items may be juried by the Board of Directors.

***\*Items made from kits or mechanically mass produced are not acceptable.***

## 7. VENDOR TERMS

Goods must be displayed and sold from a tented, canopied, booth. For the safety of all market participants, **you must have appropriate weights for your canopy**. Vendors must furnish their own tent, tables, chairs and other display arrangements. Vendors are limited to the area (approx. 10' x 10') for which they have paid. Shelter, coats, and hats will not be provided in inclement weather. Vendors will provide their own shelter and weather attire.

Regarding produce and item pricing, vendors should consider quality and supply. It is suggested that vendors reference area store / market prices. The Market Manager is not responsible for settling price disputes between vendors.

Vendors must keep their produce in good condition. Low quality or dirty vegetables, fruits, and other items, as determined by the Manager, must not be displayed or sold.

At the Martinsville location, vendors will have their booth in place by 8:45 a.m. and they must have their stand set up completely by 9:00 a.m.

At the Mooresville location vendors must have their vehicle / booth in place by 2:45 p.m. and their stand set up completely by 3:00 p.m.

Vendors must stay at their booths, **without packing up**, until the ending time of the market (1:00 p.m. in Martinsville and 6:00 p.m. in Mooresville). Vendors must NOT tear down their displays before the ending time on each market day; except in unusual circumstances as determined by the Market Manager.

To encourage customers to come back, vendors are recommended to engage market goers (customers will likely ignore booths where the vendors are reading books, talking on cell phones, playing electronic games, or are otherwise not engaging).

**Please note:** Out of respect for the venues which host our markets, **NO VEHICLES** are allowed on the grass at **ANY TIME** at either venue. Please plan accordingly when parking to load/unload your vehicle. During operating hours, vendors and customers are required to park at either: the South lot of The Main Connection or the H&R Block lot across Main Street from the market.

Martinsville vendors: **DO NOT PARK AT THE ANIMAL HOSPITAL AT ANY TIME.**

For certain vendors, the Market Manager may allow parking in The Main Connection's North lot during

operating hours of the Martinsville market. This allowance may be made ONLY by preapproval of the Manager. If you are a vendor with particular interest in a parking lot booth space, please apply for approval before the next market day.

Vendors will not produce noises or fumes that are potentially disturbing to customers or other vendors. Vendors will not smoke in the market or within one block of the market.

## **8. NONPROFIT ORGANIZATIONS**

As stated in the PURPOSES of MCFMA, the markets are a resource to the local communities for local food and a venue to foster community interaction. We welcome area non-profits to utilize the markets for community outreach. All organizations MUST contact MCFMA for prior approval to participate in a market and be instructed in market requirements. Organizations WILL NOT be allowed to just show up the day of the market and participate.

Non-profits will be allowed to sell memberships, tickets to upcoming events but WILL NOT be allowed to distribute food, for sale or for free, or any items that compete with market vendors.

All non-profits must become members of the Association (\$20 annually) and abide by all market policies. No booth or season pass fees apply to NFPs. Acceptance to participate in the market is at the sole discretion of the Board of Directors as to the organization's relevance to MCFMA stated purposes.

## **9. HEALTH AND SAFETY REQUIREMENTS AND REGULATIONS**

All items intended for human consumption must be kept at least 6 inches off of the ground at all times, be under a tent or umbrella, and be in a safe and sound condition. Vendors are responsible for any damages resulting from the sale of unsafe or unsound goods. All items must meet state, county, and local health requirements, policies, and regulations. Potentially hazardous foods will ONLY be allowed to be sold as produced and permitted by applicable law. For reference, please contact the Morgan County Health Department at (765) 342-6621.

Permits for consumable goods **must be visible** at the market. All items requiring immediate refrigeration must meet state, county, and local health requirements, policies, and regulations. Vendors are responsible for their own refrigeration source. Vendors are responsible for complying with all applicable laws, regulations, and ordinances pertaining to their products.

Tents must be fastened down with heavy-duty weights, per manufacturer's guidelines, no matter what the weather. In the case of lightning and dangerous weather vendors are encouraged to leave their vendor space and saleable goods to seek safety. Please do not risk your life to save the items that you have for sale!

Refer to the MCFMA Weather Policy for additional information.

The markets are conducted in a manner to promote a publicly safe, social and friendly atmosphere; to that end NO open-carry firearms are permitted and those vendors with legal concealed-carry permits MUST maintain their concealment.

Additionally, the markets will be maintained as a drug free area. For health and safety reasons **vendors must not bring pets** or other live animals to the market except for service animals. Service by the animal must be for something other than providing emotional well-being. The Manager reserves the right to ask that the animal undergo additional training or be removed from the market if the animal appears ill or if it has become disruptive.

Vendors will not dump grease, oil, or liquids in the market area. Waste must not be put into dumpsters that are near the market location. Instead, waste must be packed out by each vendor.

***Failure to completely clean up assigned spaces and surrounding area will result in loss of vendor privileges or a fine of \$100.00 payable to the Morgan County Farmers Market Association.***

## **10. COVENANT NOT TO SUE**

By participating in the market, the vendor agrees not to institute any action or suit of law or inequity against the Morgan County Farmers Market Association, its employees, volunteers, agents, officers, and designees as a result of action taken under this contract. The vendors will not aid in the institution or prosecution of any claims for damages, costs, loss of services, expenses or compensation for or on account of any damages, loss or injury to person or property resulting from the terms of vendor's participation in the market.

## **11. INDEMNIFICATION**

The Vendor hereby agrees to indemnify, hold harmless, release, waive, and forever discharge Morgan County Farmers Market Association's employees, volunteers, agents, officers, and designees from all actions, damages, liabilities and expenses, including reasonable attorney fees and court costs that may arise out of or as a result of the Vendor participating in the market.

***\*ALL MARKET PARTICIPANTS MUST HAVE A SIGNED LIABILITY AND PHOTOGRAPHIC WAIVER  
ON FILE WITH MCFMA!***

## **12. INSURANCE**

The Morgan County Farmers Market Association Board strongly suggests that the vendor shall have liability insurance for protection against damages in the event injury occurs at the Market or an injury is caused by their products.

## **13. THE FARMERS MARKET NUTRITION PROGRAM**

The Farmers Market Nutrition Program (FMNP) provides fresh, unprepared, locally grown fruits and vegetables to WIC and Senior participants who meet eligibility criteria. Checks are issued by the WIC office to participants to purchase locally grown fresh fruits and vegetables at local farmers markets.

It will be the responsibility of individual vendors to make application to WIC to be able to participate as an approved vendor for the purposes of this program and to be able to accept WIC vouchers. FMNP at the state level is administered by Indiana State Department of Health; for application and more information call the FMNP Coordinator at 1-317-233-5609. For more information regarding FMNP call the WIC office.

## **14. MARKET PRODUCT VIOLATION**

If the Manager finds that a product being offered by a vendor does not adhere to the policies and practices of the Morgan County Farmers Market Association, the following process shall be observed.

- A. Verbal warning and inspection is given by the Manager within five days. The Manager will make an appointment with the vendor within this time frame. The vendor will allow the Manager on his or her personal property for an inspection of growing and production areas.
- B. A timely inspection is held by the Manager and if a violation is found, it will result in the product being excluded from the market for the season. If a timely inspection is refused it will result in the expulsion of the vendor from the market for the season.
- C. If a vendor allows an inspection and is found guilty of a product violation and receives a second product violation within the same season, he or she will be expelled from the market for the rest of the season.
- D. If the case is not resolved with the Manager, the vendor may appeal to the MCFMA Board. The decision of the Board is final.

## **15. COMPLAINT PROCEDURE**

In the case that one vendor wishes to make a complaint against another vendor, a money order of \$100.00 must be given to the manager made out to the Morgan County Farmers Market Association to process the complaint. If the Board finds that the complaint is valid the money will be refunded in full.

## **16.VENDOR VIOLATION PROCEDURE**

If a vendor is found to be in violation of one or more of the above market policies, the following process shall be observed.

- a) Market policy violation noted by the Manager
- b) Verbal warning issued by Manager and noted to the Board
- c) Written warning issued by Manager (with signature of the vendor) and suspension of the vendor pending review from the Board
- d) Expulsion from market for the season
- e) Appeal to the Board. The Board determines if the vendor will be expelled for the season or not. Decision of the Board is final.

# **MCFMA – Weather Policy 060317**

- This is a **MUST** decision by the **Market Manager** – **AND NOT A CONCENSUS OF THE MARKET VENDORS** – based on good weather information at the time.
- Available Board members present will support and assist to implement.
- A passing shower or downpour does not constitute a closing of the Market.
- A presentation of impending serious weather requires a decision to **1. Delay opening, 2. Cancel the market day or 3. Close the market early.**
- If weather is such that **at least a half market day cannot be achieved**, a serious decision should be made to cancel the market day.
- When a decision **IS** required, notice **MUST** be given to the vendors a minimum of thirty (30) minutes prior to closing.  
(**Example:** storm expected to hit at 11:30, closing should happen at 11:00, **NOTICE MUST BE GIVEN BY 10:30**)
- The Manager should consult those who have reliable weather apps by smart phone or similar resources; but the Manager must use good common sense to assess the situation and **MUST** make a decision then notify all concerned. This includes posting on Facebook (Market page and the Vendor Group page) and calling WCBK (765-342-3394 , 317-831-3394)
- **If a decision to close the market is made, no vendor has the option of staying. They do not have permission to use the location without our (MCFMA) presence.**
